Brona, Angie, Bill –

Attached please find the grant application I wrote/submitted last night on behalf of WIN. You'll note in the budget that Kevin has identified \$1mill for the project. I put into the budget (with Kevin's permission), \$100,000 for data collection /evaluation for U of M. He says they will have to issue an RFP for it, but I'm confident PSI would win it, esp. working in consultation with JPAL!

The Sorenson/Social Finance award to WIN would add \$100,000 to hire a WIN Pay-for-Success/Social Impact Bond Project Manager, and the major award would be between \$250k-450k in Pay for Success transition structuring and performance management technical assistance from Social Finance/Sorenson.

We will hear by/on July 3 as to whether we won the award. Keep your fingers crossed.

P.S. I also attached the grant RFP in case you'd like to understand more about what they are offering/looking for. And here's their slide deck/webinar explaining it. <https://www.youtube.com/watch?v=tmQ-mSUMxJY>

Angie – I think it will be especially important for you to be knowledgeable about this as you begin your week with JPAL training/working on the evaluation tool.

Thanks all!

Blair
